

StoneHardener™-3 Polish

longest-lasting shine and best possible protection for marble, limestone & other natural stones

StoneHardener™-3 Polish is simply the best protection available for polished stone. Application is so easy that you can either re-sell the product to your customers for their own use, or provide ongoing stone renewal services at an attractive yet profitable rate.

SH-3 is break-through technology because RJSC scientists were able to incorporate and uniquely combine several of the very newest chemical components available for renewable finishes.

Like its predecessor, it delivers all the visual benefits of traditional "pink" and other polish sprays but it adds superior protection that polishing with conventional products simply cannot achieve.

With StoneHardener-3 the surface is harder, more abrasion-resistant and more durable. The stone is protected from a wide range of contaminants such as oil, acetone, coffee and other beverage spills.

The shine is high gloss with just a mop-on or roll-on. With a light buff, it becomes a true mirror finish.

Preparation: Prepare surface by cleaning with RJSC StoneClean™ "60" in dilution appropriate to remove all contamination and dust. If there is dirt embedded in the grout, use RJSC StoneClean "104" in appropriate dilution. If grout is severely discolored, consider application of RJSC Tek4Grout™ with custom color prior to application of StoneHardener-3.

Only deep scratches will need to be addressed prior to SH-3. Minor scratches will be filled.

Application: Use a new short-shag roller or mop. The polish will dry to a high-gloss, super-durable finish.

For mirror finish, buff with sheepskin or other buffing pad 3 – 4 hours after application.

Coverage Rate: about 1,500 sq.ft./gallon

- ◆ Beautiful high-gloss or mirror finish
- ◆ Superior hardness and abrasion-resistance for extended durability
- ◆ Maximum protection in the class of renewable finishes
- ◆ No yellowing or stone discoloration
- ◆ Easy touch-up of traffic patterns; no stripping required

Specifications:

Solids 22%

VOC: ~25g/L

Gloss (typical): 60°

Packaging:

Sample Pints

Quarts

Gallons

5-Gallon Pails

Limited Warranty

The products of Richard James Specialty Chemicals Corporation (RJSC) contain highest quality raw materials and are manufactured under strict conditions of quality control. RJSC cleaners are warranted to conform to manufacturing specifications for a period of one year from initial delivery when stored in conditions greater than 32° F. and below 90° F. RJSC primers, sealers, Colloidal Dyes, primers and sealers with incorporated Colloidal Dyes, and floor finishes are warranted to conform to the manufacturing specifications for a period of six months from initial delivery when stored in conditions greater than 32° F and below 90° F. No warranty or affirmation of fact, express or implied, other than as set forth in this limited warranty is made by RJSC regarding its product(s). This limited warranty only applies to products purchased directly from RJSC. RJSC expressly disclaims all express and/or implied warranties for its product(s) that are not purchased directly from RJSC or are resold to or by third parties.

Due to the possibility of improper application, adverse surface or climactic conditions beyond our control, users of RJSC products shall make their own determinations, based on their own tests, as to the suitability of the product(s) for the intended purposes. RJSC hereby expressly disclaims any liability for claims that are due to product misuse, improper product selection, misapplication of product(s), substrate selection and preparation, environmental conditions and any failure to observe safety precautions. RJSC hereby disclaims any implied warranties of merchantability or fitness for any particular purpose regarding any product.

RJSC shall have no liability for consequential, incidental and/or special damages regarding the sale or use of a product even if the potential for such damages has been disclosed to Richard James Specialty Chemicals Corporation. RJSC's liability for product claims is limited to only replacement, at the option of RJSC or refund of the purchase price of the product applied per most current published directions. RJSC's liability shall not exceed the purchase price paid for the product and shall not include any special incidental or consequential losses or damages resulting from selection, use, installation, handling, care of or replacement of the product(s). The limited warranty does not include labor or the cost of labor for application.

Should a claim be asserted against RJSC by any party who did not purchase products directly from RJSC, RJSC shall be indemnified and held harmless by the party who did purchase the products directly from RJSC, including the reasonable attorneys' fees, costs and disbursements incurred by RJSC in its defense of any said claim. This indemnification shall not be deemed or in any manner expand or create a greater obligation on the part of RJSC than that set forth in this Limited Warranty
